JAYNE HARKNESS

Jayne Harkness is a full time Wedding Photographer based in Gracehill, just a couple of miles from Galgorm Resort. She is a fully qualified member of the Professional Photographers Association of N Ireland, and has loved shooting weddings for more than 10 years. Her biggest aim is to capture all the love and those little special moments that happen throughout the day, creating stunning images.

When she is not photographing weddings she is usually found drinking lovely coffees, running like a crazy lady after her husband and 3 kids, walking her black Lab "Oscar" (officially the best dog in the world) or having a sneaky cocktail at the Spa!

"I love being part of your big day, and I take time to get to know all my couples. I really like to meet up before the wedding for a coffee, a chat and a pre-wedding shoot to make your day go as smoothly as possible, so you feel comfortable with me and relaxed in front of the camera, so we leave you with an amazing album full of memories from the best day!

KRIS DICKSON

Kris Dickson has been photographing weddings for over 20 years. Photography is his passion and he has an incredible talent for making beautiful images his couples simply 'fall in love with'.

Kris prides himself on the collaborative working relationships he has with the couples who book him, taking time to listen closely to all the things that are important to them as well as assisting and guiding them in all aspects of their wedding photography. He is a photographer who is adaptable to many different styles, taking a range of posed images and more candid, natural photography that is sensitive to the aspirations of his wedding couples.

People have commented that Kris's natural, unobtrusive style blends seamlessly with their day and his relaxed persona makes photography an enjoyable, happy and memorable experience.

Kris is incredibly proud of the achievements and awards he has received over the years, being crowned twice UK Professional Photographer of the Year, as well as NI Photographer of the Year multiple times. But what he loves most about his job is having the opportunity to give couples more than just images. At the heart of Kris's talent is an education in art and design and the thought that what he does isn't simply just photography... it's art.

STEVEN HANNA

Having shot over 700 weddings, one thing I keep hearing from my couples is 'we don't like having our photos taken'. Perfect, that means I'm the right photographer or film-maker for you!

My role is to tell the story of your wedding. Your wedding isn't 'my photo shoot' where I get to create these epic photos to impress people on Instagram or win awards. It's not about me. It's about you! My aim is to document your day honestly, including all the smiles and tears and I love to document things as I see them. I keep things super chilled and relaxed. Even when I sneak you both off for your couples portraits, I keep these completely relaxed. No awkward poses or star jumps. Promise.

I also love shooting Hybrid Photo / Video coverage. This is perfect for couples who have booked me as their wedding photographer but who haven't booked a videographer. I focus on the photos but also simultaneously film all the important parts of the day and create a cinematic style Highlight Film. A huge benefit of this is that the Highlight Film is shot and edited in the same style as my photography so they both fit well together. This hybrid coverage is perfect for couples who really want an unobtrusive approach on their wedding day.

Steven is a photographer & film maker based in Cullybackey, County Antrim, who specialises in modern and relaxed storytelling of your wedding day. Steven's relaxed yet creative style has been an instant hit with his clients and has won him many admirers throughout Ireland, and also internationally, having shot weddings in Germany, Switzerland & the Canary Islands.
